TREND OF THE MONTH Insecure Doors

Be aware:

Please be aware that District One has recently had break & enters involving suspects gaining access to shared corridors then entering businesses by forcing or prying the doors. We ask that you remain vigilant in securing your properties in case this issue continues. Perhaps discuss security concerns with building owners and neighbouring businesses.

Winter Safety

SHOVELING SAFETY

- Drink water before and after shoveling to stay hydrated.
- Do not drink beverages with caffeine or alcohol as they are stimulants that can strain the heart
- Warm up your muscles with light stretching
- Wear layers of clothing to help you stay warm or cool off
- Wear warm boots with slip-resistant soles
- Use a small shovel to prevent heavy lifting
- Bend your knees and lift with your legs, not your back.
- Pace yourself, take breaks

WINTER DRIVING SAFETY

- Clean snow and ice off your vehicle and ensure your headlights and windows are clear.
- Check the tread on your tires and consider installing snow tires.
- Give yourself extra time to reach your destination.
- Reduce your speed and turn on your headlights.
- Leave extra distance between you and the car ahead of you. Do not pass working sanders.
- Consider delaying your trip until the roads are in better condition.
